

Audience	Rheumatology Providers	Facility/Network	Outpatient Rheumatology
Topic Area	Ordering and resulting a DEXA scan		
Subject	DEXA scan ordering and result workflow	ver	2020

An order can be placed for a DEXA scan during a patient visit or in an Orders Only Encounter. If ordered in the Rheumatology Pima department the default will be Rheumatology Pima. Other HonorHealth providers will also be able to choose this location.

All hard stops must be completed in the order. It is also important to complete the comment that is included in the order. A diagnosis is also required for this order.

A DEXA scan will need to be authorized before it can be scheduled. After authorization is received the DEXA scan will be scheduled and it will appear on the tech Work List.

After the tech has completed the scan the provider will see it on their schedule and be able to add a result note.

This will appear with an appointment type of **DEXA BONE DENSITOMETRY AXIAL**. (The visit type will depend on what the order is. It can be any of the orders below.)

ID	Name
IMG2407	Dexa Bone Densitometry Axial
IMG2741	Dexa Bone Densitometry Axial W VFA
IMG2361	Dexa Bone Densitometry Peripheral
IMG2408	Dexa Bone Densitometry Vertebral Fx

View from schedule:

The screenshot shows a 'Schedule' view for the 'HNR RHEUMATOLOGY PIMA Department (All Providers)'. A calendar on the left shows the date March 31, 2021. The main table lists appointments with columns for Time, Status, Patient, eCheck-In Status, Type, and Notes. The appointment at 3:40 PM is highlighted with a red box. The patient is 'Amb, Larkspur' (35 y.o. / F) and the appointment type is 'DEXA BONE DENSITOMETRY AXIAL'. The status is 'Visit in Progress' and 'Checked in: 3:36 PM'. The eCheck-In Status is 'Not Started'.

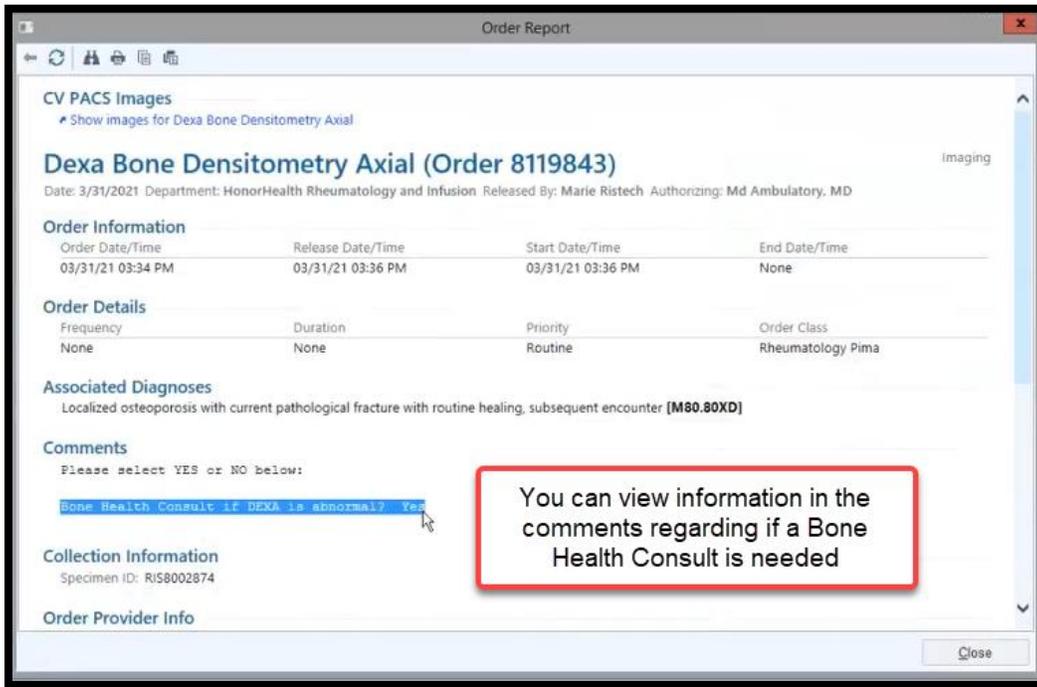

Double click to open the encounter.

Once the encounter opens you will be brought to **the Imaging/Proc Activity**. Click on the blue hyperlink.

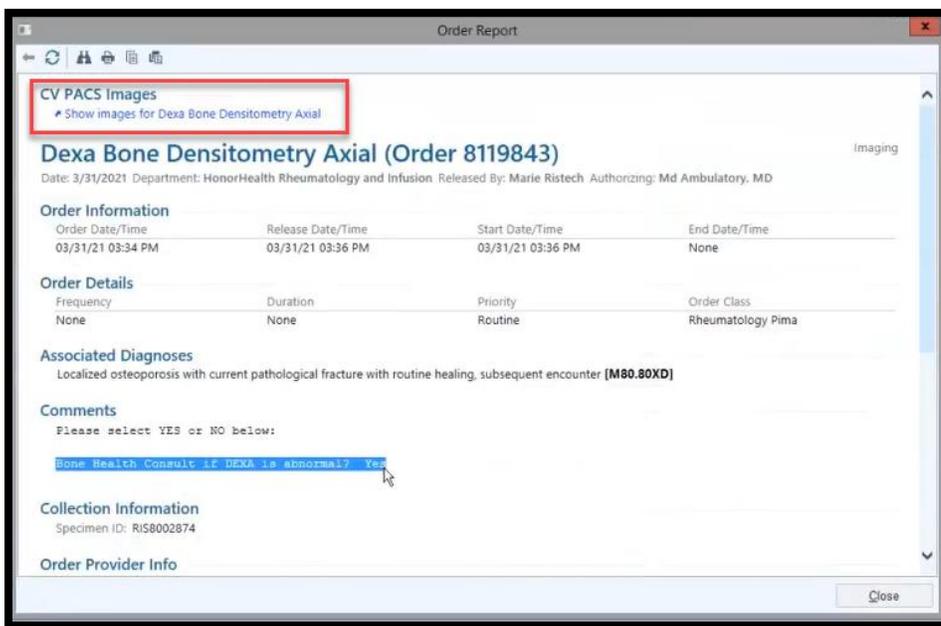

The screenshot shows the 'Imaging/Procs' activity page. Under the 'This Visit' section, there is a 'Testing Completed' status and an 'Enter Result' button. A blue hyperlink labeled 'Dexa Bone Densitometry Axial' is highlighted with a red box. To the right of the hyperlink, it says '3/31/2021 3:37 PM - Last edited by Marie Ristech'. Below this, there is a 'Dexa Orders' section with the text 'No orders found for past year'.

Use **Close** or **X** to close the Order Report Window once you have reviewed the necessary information. Next you will enter your Result Note by clicking on Enter Result

The Result Note can be a free text, dictation or smartphrase. You can also update the Diagnosis if necessary, from this Activity.

Once you have completed the **Result Note** click **Sign**

Sign Encounter to complete this workflow
